Idealism is the metaphysical and epistemological doctrine that ideas or thoughts make up fundamental reality. Essentially it is any philosophy which argues that the only thing actually knowable is consciousness whereas we never can be sure that matter or anything in the outside world really exists thus the only the real things are mental entities not physical things which exist only in the ...

Posted by Tom Sherrington ? March 19, 2018 ? 22 Comments I love the idea of 'evidence-informed wisdom'. I honestly can't remember where I first encountered this but, essentially, it's the idea that, as teachers we are faced with making hundreds of decisions a day – largely about how to question, how to motivate and how to adjust ...
